

Equipment Sizing Guide

Amico now offers an [Equipment Sizing Guide](#), which takes all the guesswork out of any medical air or medical vacuum sizing. Simply enter the data into the sizing table and the program will automatically select the appropriate system model number (or suggest alternate models), size the vacuum system exhaust riser, medical air intake, or zone valves and even calculate lateral runs off main risers. To view or download the guide, log on to www.amico.com/airvac_products.htm

Amico Brochure

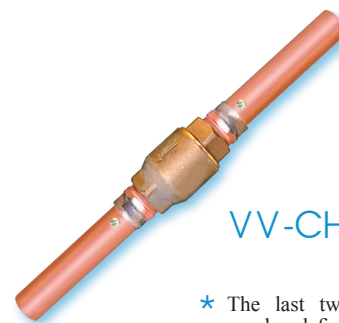

Amico is proud to present our new [Product Brochure](#) updated with the most recent product designs and information.

Please log on to www.amico.com/pipeline_marketing.htm to preview this brochure or fill out our "Online Order Form" to receive your copy.

Medical Gas Check Valve with Extensions

Amico is pleased to introduce the [Medical Gas Check Valve with Extensions](#). The extensions on either side of the check valve will facilitate installation. This valve is available in 1/2" to 2 1/2" sizes and is vibration free, providing a silent flow process. For more details, please click on the following link: www.amico.com/pdf/medgascheck.pdf

VV-CHK-EXT05*

* The last two digits of the part number define the size of the valve.
