Amico Clinical Solutions creates state-of-the-art products to ensure the greatest possible clinical experience. Our second generation, iCE30m LED Surgical Lighting System brings the highest LED technology to the Operating Room.

The multi-color iCE30m surgical light is designed for superior shadow control and optimum light intensity, along with offering diverse color temperatures to accurately differentiate between tissues. The slim design and laminar flow openings promote airflow, allow for effortless maneuvering of the light, and is attached to a durable suspension system to eliminate drifting. The design was created with exceptional infection control features to prevent the spread of bacteria. Amico’s PLP (Patient Lift Pendant) system can be integrated into the OR booms to assist clinical staff to safely reposition and transfer patients, ensuring the best possible outcomes in your OR.
• Superior multi-color LED lights (3,500K-5,000K) at a maximum brightness of 160,000 lux

• Turn light ON and OFF with capacitive touch smart handle

• Adjust light BRIGHTNESS with capacitive touch smart handle

• Automated emergency light bypass ensures your light will work all the time, every time

• Exceptional shadow control

• Slim, light-weight, and easy to maneuver

• Aerodynamic design with laminar flow openings, allowing surgical smoke to rise above the field

• Endo lighting for minimally invasive surgery

• Seamless design allows for easy cleaning between surgical cases
• 100% customizable consoles
• Intuitive electric braking system with built-in backup friction brake
• Eight integrated accessory rails on the console offer ultimate flexibility
• Seamless designed top cap allows for easy cleaning between cases
• Concealed hinged back door allows for easy maintenance
• Vertical boom arm with optional big screen monitor, ranging from 50" to 60"
• Adjustable shelves available in multiple sizes
• Integrated electric brake control option on shelves
• Optional LED night light available at the bottom of the boom console

Video Integration / HD Camera

- Network ready
- Integrated in-light HD camera
- Camera control box
- 10x optical and 12x digital zoom
- Ultra smooth 60 frames per second
- 2,380,000-pixel resolution
- 10 mm to 800 mm working distance
- Big screen surgery
- Vertical articulating arms
- New monitor mount with greater than 360° rotation
- Single and dual monitor holder options
- Endoscopy mode for laparoscopic surgery
- Neutral integration vendors

Anatomy of the GoLift

- Quick change battery design
- Achieve instant electrical and mechanical connection
- Lifts up to 700 lbs!
- GoLift weighs just 10 lbs
- Durable all metal gears
- Bright LED indicators
- Constructed of solid steel
- Quick magnetic hand control connection
- Emergency lowering/stop feature
- Rubber emergency strap for easy cleaning
- Capacitive touch hand control
• The World’s Smallest 700 lb Patient Lift
• Weighs less than 10 lbs
• Capacitive touch hand control
• Emergency stop
• Emergency lowering device
• Upper and lower limit detection
• Free fall brake
• LED indicators
• Sterile disposable covers available
• Seamless design allows for easy cleaning
• Disposable and reusable slings available
Equipment Transport System (ETS)

- Effortless transport of IV and pump equipment
- Unique base design for easy transport and storage
- Integrated power bar
- Bed docker
- Console docker
- Cord wrap
- Roll stand
- Height adjustable with foot pedal
- Down release button
- Safety lock
- Cable management
- Height adjustable IV poles
Benefits to the BioMed

- Energy efficient
- Easily accessible circuit board for maintenance, located in the control panel
- Automated emergency light bypass provides guaranteed up-time
- 50,000 hour LED life cycle
- Replace LEDs individually
- Easily adjust spring arm tension
- Reliable electric brake system is easily accessible without taking down boom arm
- Concealed hinged back door for easy maintenance of the boom
With so many configuration options to choose from, you can customize your Operating Room to maximize space and create a more efficient work environment.
